

## Scientific Nazi Occultism

The Nazi Party was formed from the Thule Society which was founded by Rudolf von Sebottendorf. Rudolf was a Freemason, Islamic mystic or Sufi and trained in alchemy, astrology, and numerology. Alchemy is the manipulation of the human psyche and biology through chemicals. Astrology is about interpreting celestial patterns to predict likely events based on cause and effect. Its used for making predictions similar to the idea of predicting the weather by studying warm fronts and air currents. Numerology is about developing words and phrases into geometry which gives the words and phrases more influence through a geometric structure. Numerology is for designing mind control spells. Freemasonry is an occultic organization and is involved with numerology, astrology, and alchemy and most high level politicians in the world are Freemasons including former US Presidents Franklin Roosevelt, Harry Truman, Lyndon Johnson, and George Herbert Walker Bush. The Nazis incorporated their occultic beliefs into their technologies. After WWII Nazi scientists and intelligence officers were brought into the United States under Operation Paperclip. The Coronado Naval Base in California has a barracks designed as a swastika. Joseph Kernan is currently the Under Secretary of Defense for Intelligence and head of the National Geospatial-Intelligence Agency and Kernan was trained at the Naval Amphibious Base Coronada. The Nazi salute is the ancient Roman salute and the United States formerly used the Roman salute known as the Bellamy salute in the US for the pledge of allegiance. Nazi scientists helped to develop the US rocket programs, US nuclear program, NASA, DARPA, and electronic systems. For decades the United States Department of Defense used tax paying dollars for their Project Stargate which was research into psychic phenomenon such as telepathy, precognition, remote viewing, and astral projection or out of body experiences. The Roman Knight of Malta Reinhard Gehlen was a Nazi military general and the chief of intelligence of the east. When the US took over Germany they used Reinhard Gehlen to continue running intelligence for them under their Gehlen Organization which later absorbed into the still existing Federal Intelligence Service of Germany which is allied with the CIA today.

Raytheon BBN Technologies is in contract with the Department of Defense and DARPA develops Parallel computing software used for predicting outcomes based on calculating all information similar to the concept of astrology and predicting patterns. Vannevar Bush founded Raytheon and was the head of the Office of Scientific Research and Development and Manhattan Project. Alsos Mission and Operation Epsilon was a US and UK joint operation where they "imprisoned" Nazi scientists working on the German nuclear weapons project which included the Nazi scientists Werner Heisenberg, Horst Korsching, Karl

Wirtz, Walther Gerlach, Erich Bagge, Kurt Diebner, Otto Hahn, Paul Harteck, Carl Friedrich von Weizsacker. The Nazi scientist Heinz Schlicke worked for Allen-Bradley a division of Rockwell Automation and specialized in electromagnetic emissions and was president of the Electromagnetic Compatibility Society. The modern day electronics are emitting electromagnetic emissions or radio frequency interferences using geometric structures for the purpose of hacking into the human nervous system. US Patent 6506148 under Loos Hendricus G. is titled "Nervous system manipulation by electromagnetic fields from monitors" and his other patent is US Patent 6,238,333 titled "Remote Magnetic Manipulation of nervous systems" and both support the scientific basis for using electromagnetic frequencies emitted from electronics to manipulate the human physiology by hacking the human nervous system. Erich Traub was a Nazi virologist who was brought into the United States and worked at Plum Island which is believed to be the source for Lyme disease. IG Farben was a chemical company that developed the deadly chemical agent Zyklon B used by the Nazis for carrying out genocides. IG Farben was redeveloped into several chemical and pharmaceutical companies like Bayer. Alchemy is used for covert chemical warfare on society. The Nazis were also financed and promoted by some American businessmen and companies like Henry Ford, Chase Bank, General Electric, IBM, and Standard Oil. Henry Ford awarded the Order of the German Eagle under the Nazis for distributing Nazi propaganda in Europe. IBM developed electronic tracking for Nazi concentration camps.

The Rosicrucian Order is a secret society of alchemists established in Germany during the 17th century. Fama Fraternitatis was one of the earliest Rosicrucian writings published in Hesse-Kassel during Landgrave Maurice of Hesse-Kassel's rule. The Hesse family were involved in the Nazi movement with Philipp the Landgrave of Hesse as a member of the Nazi Party. Rudolf Hess was a high level Nazi politician and likely related with the German House of Hesse. DARPA is involved in protein engineering which has the capabilities of changing DNA structure. Steven Walker is the head of DARPA today. The Walker family married with the Bush family. Prescott Bush and his father in law George Herbert Walker were co-founders and owners of Union Banking Corporation which was seized under the Trading with the Enemy Act for financing Nazi businessmen. Operation Paperclip also brought in Nazi physicists like Friedrich Winterberg and Arthur Rudolph. Particle Accelerators are used as covert nuclear powered weapons designed to oppress society. Through the BAE developed USAF's HAARP system they can shift magnetism generated from particle accelerators through ionization radiated from HAARP's frequencies. Ionization effects the magnetic molecules in the atmosphere causing them to transfer through the vector known as the

magnetic moment. They can create a increased negatively charged magnetic field over someone's home causing more downward pressure on those in the affected region by moving the magnetism around by ionizing selected parts of the atmosphere. Occult means hidden. The Nazis were really working on all sides of WWII and are militant scientific supremacists involved in the occult. The US imprisoned the Japanese in concentration camps. The word holocaust means wholly burnt offering and the US and UK firebombed at least tens of thousands of civilians in Dresden, Germany and bombed Nagasaki and Hiroshima. The Nazis were covertly working on all sides of WWII.
